01. AXIA COIN DECAL

THE AXIA COIN 'A' DECAL REPRESENTS AXIA IN MONETARY FORM

Wherever AXIA is represented as usable, accepted or tradeable digital money you will find the 'A' decal proudly displayed.

The AXIA 'A' decal graphic can be used to represent AXIA's monetary function. In situations where AXIA is specifically being represented as a currency, a digital form of money or a digital token, this graphic can be used.

01. AXIA COIN DECAL MINIMUM SIZE

MINIMUM SIZE IS THE
SMALLEST SIZE YOU
SHOULD EVER USE THE
AXIA COIN DECAL

Any size below the minimum shown
on this page will compromise the AXIA
Coin Decal and should not be used.

Minimum recommended size
8.5% of it's original size or
no smaller than 20 px

20 px

100%

01. AXIA COIN ADOPTER – ROUND

THE AXIA “ACCEPTED HERE” DECAL WILL BECOME THE GLOBALLY RECOGNIZABLE SYMBOL FOR PARTNERS, VENDORS AND GENERAL ADOPTERS, ILLUSTRATING THAT AXIA IS ACCEPTED AS A READILY AVAILABLE FORM OF PAYMENT

Thanks in large part to AXIA's global adopter network, this visual graphic will one day become the piece of creative that is most synonymous with AXIA as a currency, accepted on a global scale. It will act as a proud demonstration where individuals can spend their hard earned (or saved) AXIA. It can be displayed anywhere on-line or in brick and mortar stores where AXIA is accepted or available.

When displaying the round AXIA Coin Adopter in a store environment, always ensure it's displayed in a prominent, visible location where legibility is not compromised.

01. AXIA COIN ADOPTER – RECTANGLE

THE AXIA COIN ADOPTER STICKER WILL BE VISIBLE WHEREVER ADOPTER OR PARTNER COMPANIES EXIST THAT ACCEPT AND ENCOURAGE PAYMENT IN AXIA FOR GOODS AND SERVICES

This sticker will indicate that AXIA is readily accepted and embraced as a form of payment and that the AXIA currency can be readily used inside or connected to that company's digital or physical payment infrastructure.

When displaying the AXIA Coin Adopter in a store environment, always ensure it's displayed in a prominent, visible location where legibility is not compromised.

In digital applications, it is recommended that the sticker should not be displayed smaller than 55 pixels in width.
